Academic Details

Year	Degree / Board	Institute	GPA / Marks(%)
2026	M.Tech in Production Engineering	Indian Institute of Technology Delhi	8.57
2024	B.Tech in Industrial Engineering	College of Engineering Trivandrum	9.43
2020	CBSE	Kendriya Vidyalaya IISc Bangalore	89.8
2018	CBSE	Kendriya Vidyalaya Kanjikode, Kerala	92.8

Work Experience

- **Bajaj Capital Ltd.** : ***Management Trainee – Product Research (MD Office)*** **[Jun 2026 – Present]**
  - Split the Voice AI journey into measurable product outcomes and improved the metrics at each step, driving AI lead conversion from **4% to 30%**
  - Built a policy-comparison tool for RMs **0-to-1**: identified the need, defined personas, ran surveys, and refined it through usability testing.
  - Authored **PRDs** for CRM and related product workflows, defining user requirements, user stories, and clear feature scope for tech teams and vendors.

Scholastic Achievements

- **All India Rank 96 in GATE 2024 (PI)** obtained during the 7th semester of B.Tech in the first attempt. **[2024]**
- **University Rank 3** in B.Tech degree examinations conducted by APJ Abdul Kalam Technological University. **[2024]**
- **PTA Award** from the Parent Teacher Association, College of Engineering Trivandrum for Academic Excellence. **[2025]**

Hobby Projects

- **Product Teardown — ChatGPT Voice Mode** **[Aug 2026]**
  - Conducted user research to diagnose low Voice Mode adoption, mapped business outcomes to product outcomes, and built an MVP of contextual nudges to tackle feature blindness.
  - Prioritised solutions, designed wireframes, and set up an A/B test targeting 15% higher voice adoption, 20% higher session frequency, and 15% higher Voice Activation CTR.
- **Product Case: Myntra Wishlist-to-Purchase Conversion** **[2026]**
  - Built an **AI-Powered Discovery Engine** to analyse user reviews and conversations, identifying purchase barriers, uncertainty, postponement, and information gaps behind wishlist drop-offs.
  - Decomposed wishlist-to-purchase conversion into a KPI tree of leading and lagging indicators, translating behavioural signals into evidence-backed opportunity hypotheses.
  - Built an MVP to track metric drivers and test interventions that reduce comparison friction and boost purchase confidence.
- **Product Case: Increasing Monthly New-Category Buyers on Blinkit** **[Sep 2026]**
  - Wrote the **PRD** to increase users buying new-category items monthly; defined the segment and found the gap via a user survey.
  - Suggested a non-monetary fix, **AI-based Need Search** with bundle suggestions, and built an **MVP** to show it.
  - Defined **leading and guardrail metrics** to track adoption and protect checkout conversion and orders.
- **Patient Churn Prediction in Healthcare using Machine Learning** **[Jan 2026]**
  - Performed EDA to identify critical churn drivers like missed appointment rates, long travel distances & satisfaction score.
  - Implemented a supervised learning pipeline using Logistic Regression to classify patients at risk of leaving, utilising standardised features and one-hot encoding to provide actionable insights for targeted retention strategies.

Product Skills & Tools

- **Product Management Fellowship**: Nextleap
- **Core Skills**: User Research, Problem Framing, Wireframing, UX/UI Principles, Defining & Analyzing Metrics, SQL, System Design, API Design, Agentic AI, Jira

Positions of Responsibility

- **Central Team Member (CTM)** | ***Office of Career Services (OCS), IIT Delhi*** | *Awarded Significant Contribution* **[2024–25]**
  Selected via a 4-tier screening to **head a team of 60+** executives & volunteers; pitched 110+ companies for placements. Served as Day 1 Duty Manager, Day 8 POC and awarded for significant contribution from the IIT Delhi Senate.
- **Events Coordinator** | ***Drishti '22 Technical Fest, CET*** **[2022]**
  Led 15+ member team to manage sponsorships and execute 35+ events, handling logistics and alumni partnerships.
- **Security Activity Head** | ***TRYST'25, CAIC*** **[2025]**
  Led a security team of 10+ volunteers to manage entry and crowd flow.
- **Teaching Assistant** | ***Department of Mechanical Engineering, IIT Delhi*** **[2024]**
  Assisted 200+ UG students in Smart Manufacturing demonstrations, project guidance, and viva assessments.
- **Operations Representative** | ***Student Alumni Relations, IIT Delhi*** **[2025]**
  Worked with a 50-member team to manage Alumni Reunions and workshops, executing 35+ events and alumni networking.
